

## ALBUQUERQUE ELKS ENTERTAIN ROYALLY

Cigars, Music, Songs, Dances and Sparring Matches Last Night.

### EVERY MEMBER BROUGHT FRIEND

Albuquerque lodge No. 461, B. P. O. E. gave a big smoker at the Elks' opera house last night, to which each member invited one guest, and judging from the large number present, every invitation was accepted. Nearly every seat in the main auditorium was filled and the lower boxes were crowded.

This great crowd became settled in their seats about 9 o'clock, and the ball was started shortly after the opening address, delivered by Exalted Ruler R. W. D. Bryan.

Mr. Bryan began by saying: "My brothers and friends and my brothers' friends, I bid you welcome. A great many of you are Elks, and those of you who are not, should be, or you would not be here."

It was a pantomime scene that greeted the speaker. A rich cloud of smoke hovered above the several hundred heads held in rapt attention. Brotherly love was apparent on every countenance. It is at the lodge room smoker that every man, no matter what his calling in life may be, or how much of this world's goods he may hold, appears on an equal plane.

Mr. Bryan spoke of the great success of Elksdom since its birth in the year 1878, and its great growth in Albuquerque, and then he gave a short history of the life of fraternalism since the time of Solomon, King of Israel, 1033 B. C., who, according to the tradition, organized Masonry. And Mr. Bryan told some good stories, very much to the amusement of his audience, which are not for the scale, and especially the story of George Washington.

A string band discoursed ragtime music during the intermissions between the special features of entertainment, the first of which was a song and dance sketch by a couple of local artists. The second was an iron man, who twisted steel horse shoes, bent galvanized gas pipes varying in size from an inch to two and one-half inches in diameter, and gorged himself with playing cards, a deck at a time, with the greatest ease. But the surprise of the evening was three sparring events by local talent.

In the first of the glove events the performers were introduced by the master of ceremonies as Bernillo county's treasurer de funeto and vice versa. It continued for three rounds, and resulted in accordance with the verdict of the Second district court in the Bernillo county squabble for the treasurer's office.

In the second event, the principals were introduced as Attorneys W. B. Childers and F. W. Clancy. This exhibition went for four rounds, and the verdict was that Clancy won on points.

The third event was a four-round so in which the actors were introduced as ex-County Superintendent Belavio Vigil and the present incumbent of the office. This was the hottest exhibition on the program, and attracted immensely. The actors were of an ebony hue, and as lively as jumping jacks, in cutting monkey shins about the twenty-four foot space that had been roped off for the show.

At the close of the entertainment in the auditorium, hosts and guests repaired to the banquet room on the second floor, where a horse-shoe table groined under a load of good things to eat. The announcement rang above the babble of the throng: "Help yourselves, gentlemen; there is plenty more where this came from."

The supply was quite sufficient to the demand and the feasting lasted till toward morning.

The committee responsible for this very enjoyable smoker was composed of the following gentlemen: Darby A. Day, Dr. J. P. Pearce, Dr. George McLandress, Walter Jaffe and Harry Michner.

### FOOT BALL ENTHUSIASTS MAY NOT BE DISAPPOINTED

#### ALBUQUERQUE ATHLETIC ASSOCIATION FINALLY EFFECTS ORGANIZATION—A GAME ON FOR SUNDAY.

Albuquerque is not going to be without foot ball this season. What promises to be some good sport breaks through the cloud of discouragement, which seemed to shroud the situation last week. The Albuquerque Athletic association has finally organized and they look like a promising bunch. All of the team of 1904 that haven't left the city are in the game again and some new material has been discovered, which promises to bring the Albuquerque team up to the standard of teams that have always reaped victory for the Duke city.

Games have been asked for by the teams at Fort Bliss, Las Cruces, American Lumber Co., and the university. The first challenge to be accepted will be that of the American Lumber company. This game will be played at Traction park on next Sunday. The city eleven will hold a signal practice meeting at the gymnasium on Friday to which any foot ball player of the city not known to Manager Houston will be welcome.

### MAY MEAN ANOTHER INDUSTRIAL SCHOOL FOR ALBUQUERQUE

Edward S. Tead, secretary of the Congressional society of Boston, who spent several days in this city the guest of Rev. J. H. Heald, the society's superintendent of Mission schools in New Mexico, left last night on his return to Boston. Mr. Tead's business in Albuquerque was for the purpose of investigating conditions relative to establishing a mission school just south of the city, where ground for the site has been purchased. The school projected will be for boys.

Mr. Tead could not say positively that the school was assured, as that is a matter to be settled by the society, but he spoke so enthusiastically about the location and the need of a school here, that there is no doubt but that he will report favorably upon it.

## COUNTY SHORT ON SCHOOL TEACHERS

This Condition Attributed to Poor Salaries and Brief Terms.

### FEW CHANGES IN DIRECTORS

County Superintendent of Schools A. B. Stroup reports that the county is short on school teachers for the coming districts, and that this problem is going to be a difficult one to solve, is quite evident. The main cause for the shortage of teachers in the county districts is due to the low salaries and short terms. The average school teacher cannot live on the small salaries paid the district teachers in New Mexico.

There must live within the means provided for the conduct of the county schools, said Superintendent Stroup, in conversation with a Citizen reporter. "I am rapidly getting things in shape in my office and everything is running as smoothly as possible under the circumstances."

"How about that rumor, Mr. Stroup, that you are getting rid of all the school directors and teachers who were serving under ex-Superintendent Vigil?" asked the reporter.

"There is no truth in the rumor," replied Prof. Stroup. "I am making very few changes in the school directors of the different districts. In the districts where they have been elected I have no power to remove them, and in the districts where a few have been appointed, I have made some changes. This has in one or two cases been absolutely necessary, because the director has refused to recognize me as superintendent. Mr. Vigil has been in to see me relative to some things, and we are not 'scrapping' with each other."

"If the directors and teachers show a disposition to attend to business I have no desire to make any changes. It is my intention to properly discharge the duties of my office, and to this end I will devote my best efforts."

### IMPORTANT CHANGES IN ALBUQUERQUE REALTY

RAILROAD AVENUE LOT SELLS FOR \$4,000, AND TWENTY-ONE LOTS IN THE HIGHLANDS FOR A BIG PRICE.

A twenty-five foot lot on Railroad avenue, owned by H. B. Ferguson, the attorney, was contracted for sale yesterday to C. N. Brigham for \$4,000, the purchaser to have thirty days in which to pay over the money and the deed will be made until the contract is taken up.

Jacob Korber, of J. Korber & Co., carriage manufacturers, last Friday purchased two twenty-five foot lots on North Second street, directly in front of W. F. Strong's Sons furniture store, for a consideration that is held private. The property was formerly owned by the First National bank.

An important sale of real estate located in the residence district was made yesterday when twenty-one lots in the N. T. Armijo addition and situated on South Eighth street and South Walter streets, was sold for Mrs. N. T. Armijo to J. B. Herndon, cashier of the State National bank, at an average of \$200 per lot. Mr. Herndon acted for a party of Albuquerque men in the transaction.

### DE BACA MUST ANSWER TO GRAND JURY FOR FORGERY

WAIVES PRELIMINARY HEARING AND IS BOUND OVER IN SUM OF \$500 BONDS.

Librado C. de Baca, who was arrested yesterday charged with forging the name of Esquilupa Baca, a ranchman of Pena Blanca to two checks, which he cashed, was arraigned before Police Judge A. J. Crawford this morning. He waived preliminary examination and was bound over by the court to await the action of the next grand jury on the charge of forgery. Judge Crawford fixed his bond at \$500.

De Baca thought that he could furnish the bond. He was turned over to Sheriff Armijo and was committed to the county jail.

### CIVIL SERVICE EXAMINATIONS

The United States civil service commission announces an examination to be held on November 25, 1905, at Albuquerque, N. M., to secure eligibles to fill vacancies as they may occur in the position of clerk or carrier in the postoffice at Albuquerque, N. M.

Age Limit—18 to 45 years. Male applicants must be at least five feet four inches in height, and not less than 125 pounds in weight. It will not be necessary to take the medical examination at this time.

Applicants should apply at once to either the local secretary, W. H. Long, at the postoffice or to the district secretary at Denver, Colo., for application blank form 1371.

Applications will not be accepted unless received by the district secretary before 5 o'clock p. m., November 18, 1905.

### PHYSICAL CULTURE EXHIBITION AT CASINO

WILL TAKE PLACE SUNDAY AFTERNOON AT 2 O'CLOCK, AT THE RITCHIE AMUSEMENT COMPANY.

The Ritchie Amusement company will hold forth at the Casino theater Sunday afternoon. There are five members of the company and they will surely entertain the people in royal style.

The company recently appeared at Las Vegas, and the Optie has this to say about them: "The Ritchie's production of physical culture and strength at the Casino opera house Saturday night, October 21, Prof. A. B. Ritchie swings twenty-six men in mid air with his teeth."

Mrs. Ritchie allows the professor to strike her over the head, neck and arms or body with a five-inch inch iron bar, until bent from the force of the blow. She also twists horse shoes in two, bends iron bars into all conceivable shapes and forms with her teeth and over her head.

Albert and Estella in a twentieth

century mix-up, 6x4 boxing over and up—great—in three rounds. The professor will let the strongest gentleman in the audience, strike him over the head, neck, arms or body with a one-inch solid iron bar, until bent from the force of the blow, and will then give any two men in the audience \$10 who can straighten it out again. He will then straighten it with his teeth. He actually bites horse shoes and nails in two with his teeth, and many other feats which are remarkable.

The main feature will be that of allowing twenty-six men from the audience to swing their entire weight on a two-inch galvanized steel pipe until bent, sustaining the weight with his teeth, and straighten it out the same way over his head or neck.

Admission: Children, fifteen cents; adults, thirty-five cents. P. S.—Prof. Ritchie says if his feature act is not worth your admission, if there is any fake, or if you ever saw any one first the world do this act, he himself will give you your money back, and \$1 with it.

### JUAN MARQUEZ CHARGED WITH HORSE STEALING

Juan Marquez, an employee of the Clarkville coal yards, living on West Tijeras avenue, was arrested this morning by a Santa Fe county deputy sheriff charged with horse stealing. The offense is alleged to have been committed at Gallisteo about two years ago.

Marquez has been employed at the Clarkville yards for more than a year and was a trusted workman. He was taken to Santa Fe this morning.

### OPENING OF FRATERNAL SANITARIUM POSTPONED

Charles K. Freeman, of Chicago, who is making his home in Las Vegas for his health, as he is a sufferer from pulmonary trouble, received a letter from the general officers of the National Fraternal Sanitarium in response to an inquiry. A passage in the letter of interest to all was as follows: "While we have employed all our time and best energies in our efforts to open the sanitarium during the month of October, yet we find that it will be impossible to get ready for patients before January 1st next. This delay will perhaps be very discouraging to you, but we are doing everything possible to provide a home at an early date for the unfortunate sufferers of tuberculosis."

### CLAUGHTER HOUSE DESTROYED BY FIRE

The John A. Papan slaughter house, three miles from Las Vegas, was partially destroyed by fire on Sunday afternoon which originated from a defective flue. The alarm was given by the butcher, who was at work in the building, but only a portion of the building could be saved. The loss is small, however.

### TROOPS HAVE ARRIVED AND SANTIAGO IS QUIET

London, Oct. 25.—A dispatch from Santiago, Chile, today, says that 3,000 troops arrived there last night, and that order is being restored. Troops are still patrolling the streets. Probably sixty people were killed and 200 wounded during the recent rioting.

### WHY IT SUCCEEDS.

Because it's for One Thing Only, and Albuquerque is Learning to Appreciate This. Nothing can be good for everything. Doing one thing well brings success.

Doan's Kidney Pills do one thing only. They cure sick kidneys. They cure backache, every kidney ill.

Here is Albuquerque evidence to prove it. Mrs. W. C. Wood, residence 720 South Broadway, says: "When on a visit to Fall City, Mass., I learned that Doan's Kidney Pills had been a household necessity in that city for years. Naturally when a person has backache themselves and friends, acquaintances and relatives continually insist that a particular remedy shall be tried, you at last consent. I used Doan's Kidney Pills and they stopped an aggravated attack of backache, only one of many which have occurred in the past. When I came west I brought with me a dozen boxes of Doan's Kidney pills, long before they were extensively known in New Mexico, at present. I have not the slightest hesitation in publicly stating that I know from experience as well as observation that this remedy can be absolutely depended on in all cases of kidney complaint causing backache, lumbar, or other symptoms which follow in the wake of that far too prevalent annoyance."

For sale by all dealers. Price, 50 cents. Foster-McLurg Co., Buffalo, N. Y., sole agents for the United States.

### WHERE PALACES AND SHANTIES TOUCH ELBOWS

SHACKS ON RIVERSIDE DRIVE. GRANT'S TOMB IN THE DISTANCE. New York, Oct. 25.—Although one of the finest residence streets in the world, Riverside Drive is still designated by a number of little huts and shanties.

Families squatted years ago on land that looked then like barren, rocky farm land. But now the city has grown up and beyond them. And right in the midst of these squatted structures stands Grant's tomb, one of the most beautiful pieces of architecture in this country.
